

**RFS Technologies**  
an Amphenol Company

## Quality Policy

RFS Technologies, Inc. designs and manufactures quality cable and for commercial wireless networks, mission critical communications, private networks, Distributed Radio Systems (DRS) and other telecom markets.

At RFS Technologies, Inc. we put the customer at the heart of every process within our operations. We provide high quality, reliable and environmentally friendly products; we constantly strive for excellence in meeting our commitments and customers' expectations,

We are strongly committed to:

- Measuring Quality performance and driving continual improvement in our processes and those of our supply partners.
- Facing and addressing issues in a timely manner by looking for best-in-class practices.
- Anticipating customer needs by offering innovative product and services.
- Conducting business with high standards of integrity, adherence to compliance obligations and with regard to corporate social responsibility.

The Management team is committed to providing a workplace that fosters a culture of innovation and continual improvement, where quality products are the results of each employee's daily engagement for the benefit of our customers.

This policy will be regularly reviewed, updated as necessary, communicated, and applied to all employees and persons working for or on behalf of RFS Technologies, Inc. and made available to the interested parties.
