

**ANGLE-UI**

Universal angle adapter, Snap-in or 3/8" (kit of 10)

Universal Angle Member Adapter Stainless, 3/4in holes with insert 3/8" thread
Kit of 10

FEATURES / BENEFITS

The Universal Angle Adapter provides a versatile means for securing cable hangers and other accessories to angle members. Removing a press fit insert quickly converts this unique angle adapter to accept snap-in hangers. This design also accommodates a standard 3/8" threaded rod or bolt when mounting multi hanger blocks or bolt-on hangers. The jaw opening allows mounting up to 22mm (7/8") thick angle members. The Universal Angle Adapter is manufactured from corrosion resistant stainless steel, ensuring long term integrity in extreme weather applications.

Ten per package.
