

Maximum VSWR 1.25:1 over waveguide band.

[FEATURES / BENEFITS](#)

## Technical features

### STRUCTURE

|   |  |   |
|---|--|---|
| Type of Rectangular Waveguide Component |  | Waveguide to Type N Female Coax Adapter |
| Waveguide Size IEC (EIA)                |  | R70 (WR137)                             |
| Coaxial Interface                       |  | N-female                                |
| Flange                                  |  | UG-344/U                                |
| Flange Finish                           |  | UG-344/U                                |

### ELECTRICAL SPECIFICATIONS

|                                 |           |             |
|---------------------------------|-----------|-------------|
| Minimum Return Loss (max. VSWR) | dB (VSWR) | 19.1 (1.25) |
|---------------------------------|-----------|-------------|

### MATERIAL

|          |  |       |
|----------|--|-------|
| Material |  | Brass |
|----------|--|-------|

### PACKAGING INFORMATION

|                  |  |   |
|------------------|--|---|
| Package Quantity |  | 1 |
|------------------|--|---|
