

**TRIM-IL114-001**

Insert for Combination preparation tool (Universal Trimming Tool), CELLFLEX® Cable 1 1/4" for connector families OMNI FIT Standard B32 and RAPID FIT 062/072

This is an insert for use with the RFS Universal Trimming Tool for the installation of OMNI FIT™ Standard connectors family B32 and RAPID FIT 062/072 on all LCF114-50\* cables.

The special trimming tool improves the cable preparation prior to connector attachment. No further tools are required to prepare the cable for the connector attachment. This is due to the unique design of the Universal Trimming Tool, which combines all necessary functions in one tool.

The Universal Trimming Tool comes always pre-equipped with one insert (TRIM-SET-L\*\*\*-\*\*\* for CELLFLEX® cables and TRIM-SET-R\*\*\*-\*\*\* for RADIAFLEX® cables). This special trimming tool series offers the additional advantage to be convertible to different connector families and cable types and sizes (CELLFLEX® cables and RADIAFLEX® cables 1 1/4" and 1 5/8") only by changing the inserts. Different inserts are available as optional items, for references see below or contact your RFS sales contact.
